We are seeking a motivated and skilled Build and Release Administrator to join our team and collaborate with our partner studio on an AAA game project being developed with the Snowdrop™ technology. You will develop, analyze and improve (internal and external) tools and pipelines to automate and streamline the process of build delivery to development, QC and deployment teams. You will be a part of a collaboration-oriented team, with a requirement for great communication skills, to contribute in very meaningful ways to the overall completion of the Avatar Project.

Your Tasks

- Work in close collaboration with other Ubisoft studios to deliver game builds to development, deployment and QC teams
- Assist QC members to create builds from specific data and code
- Develop and improve builds systems for the project and support users of the build systems
- Provide Perforce account support for the teams
- Document and update build creation, management and deployment processes
- Monitor build systems for failures
- Setup of deployment pipelines for consoles
- Routine delivery of game builds teams and stakeholders
- Support with Perforce administration of users, groups, permissions and file types
- Configure and maintain Perforce instances, branch management and integration

Your Profile
Basic C# / batch programming language experience and Python
Knowledge of Version Control Management and Continuous Integration systems (e.g. Perforce and Jenkins)
Experience and understanding of IT systems, Networking, RAID etc.
Knowledge of Windows Active Directory
Experience working with large data structures and production tools and able to identify and resolve pipeline bottlenecks
Good interpersonal and communication skills, using English (written and spoken)

Your Benefits

Flexible working hours
External training, education in our in-house guilds and knowledge sharing with other teams
Fresh fruit, discounted gym membership, support for child care
Subsidized lunch meals, free bike rental or lease your own bike!
Share ideas! = Working in an innovative and international company

If you are passionate about video games and would like to work with like-minded professionals with an international team, please apply via our career portal.
