Apply Now:

<https://jobs.smartrecruiters.com/Ubisoft2/743999712249465-lead-audio-designer-f-m-d?oga=true>

The Lead Audio Designer will act as a bridge between the audio artistic direction of the game and its implementation within the technical and production constraints. They will also define and track the schedule for the team, manage and mentor team members, and be a key voice for the audio design of the project.

Further responsibilities will include:

- Assess needs and quality with the Audio Director, define actions to take accordingly after consulting the team and other departments if applicable.
  - Prototype and communicate the “how” in order to meet the artistic and technical objectives to the team in conjunction with the Audio Director and production team
  - Represent the team in discussions where general audio design expertise is required
  - Help to assess and identify risks concerning scope, and recommend appropriate solutions
- 
- 10+ years experience in audio production for video games
  - Delivery of at least 2-3 AAA games as part of a production team
  - Strong problem solving ability
  - Strong communication skills with team members from a variety of disciplines in English
  - Advanced Wwise knowledge, audio post process plugins mastering, performance optimization knowledge
  - Excellent organizational skills
  - Extensive knowledge of DAW tools (e.g. Nuendo (preferred), Pro Tools, Cubase, Reaper)
  - Degree in music or audio or professional training in audio
