As the Project Coordinator, you will be responsible for facilitating work of cross-disciplinary teams working on Far Cry project.

Responsibilities:

- Help teams to shape their deliverables and assess risks, stay on track with their work, and resolve problems or blockers that they may encounter during production.
 - Ensure smooth and constant communication flow between teams, their members and external partners.
 - Detect issues and difficult team situations, highlight them and step in to take initial actions to resolve them when necessary.
 - Participate in the creation and development of the project's organizational structure.
 - Act as a point of contact for all logistical needs of the team.
-
- You have great communication and teamwork skills. You thrive in a team, inspire and ignite others.
 - You are ambitious and willing to go the extra mile to make things happen.
 - You love video games and strive to create memorable experiences the players will remember.
 - You know it can get tough sometimes - you remain cool and collected no matter what happens.
 - You have at least 2 years of relevant experience in project management and/or coordination

Nice to have:

- You have been part of a full game production cycle and shipped at least 1 game title.
- You have a background in QC or experience leading QC teams

We aim to have a wide and diverse range of profiles within our studio; thus, we are looking forward to being surprised by your application. The most important quality for us is to be a strong team player with a resilient and positive attitude.

What we want to offer you:

We want to build a studio in which everyone feels inspired, empowered and connected. We believe developers do their best work when they feel empowered. We thus aim to give you a lot of autonomy. In return, we expect you to be self-responsible and stay on top of your game by continuously developing your skills. Furthermore, we know it is important for a developer to feel comfortable. With that in mind, we aim to provide a variety of everyday benefits which we hope will help you feel great including:

- Flexible working hours
- External training, education in our in-house guilds and knowledge sharing with other project teams
- Fresh fruit, discounted gym membership, support for child care, company pension scheme
- Share ideas! = Working in an innovative and international company

If you are passionate about video games and would like to work with like-minded professionals with an international team, please apply via our career portal. Applications should include your resume, a cover letter with the earliest starting date, your salary expectation and why you would like to join us.
